

# **Osmany Hall Messing System**

By: Group - 06

#### **User manual**

The Software User Manual (SUM) tells a hands-on software user how to install and use a Computer Software Configuration Item (CSCI), a group of related CSCIs, or a software system or subsystem. It may also cover a particular aspect of software operation, such as instructions for a particular position or task.

#### **Home Page:**

- 1. No 1 is our home page. This page directs to all the other pages and from this page user can log in and do further activities.
- 2. It is the page of authority. It means from this page we can go to a page which will give us complete information about hall manager & hall staff.
- 3. It takes us to the part of home page which describes about the facilities provided by Osmany Hall.

## **INFRASTRUCTURE & FACILITIES**

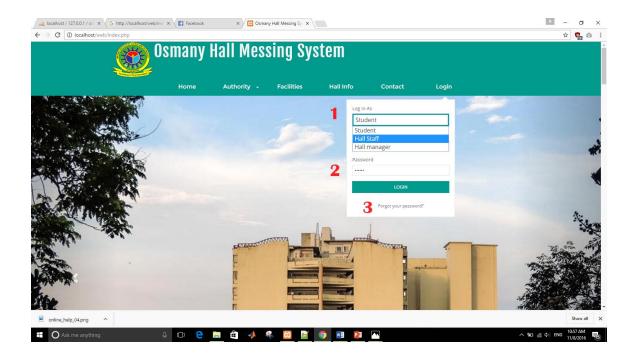

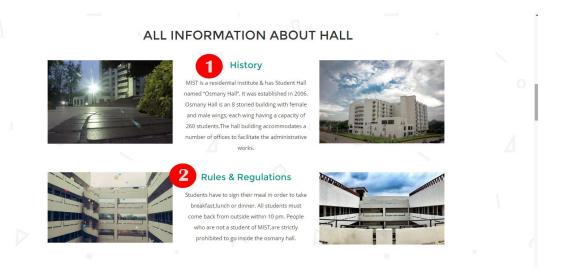

- 4. Let us know about the basic information of Osmany Hall.
- 5. Gives students the opportunity to contact with the hall authority.

6. Through this option, stake holders can log in to their own account. We have three stake holders: students, hall manager, hall staff. By selecting the role, stake holders can log in to their own account.

# **About Hall:**

This page will be displayed on clicking about hall. The info that this pages display covers the following perspectives:

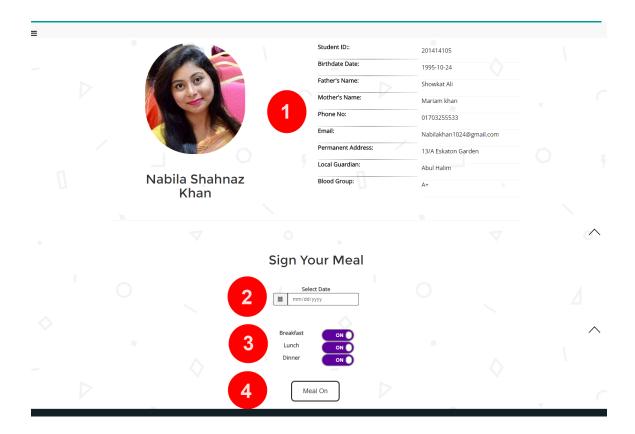

- 1. History: It gives information about the establishment of the hall, its capacity and infrastructural info.
- 2. Rules and regulations: The rules and regulation point contains the dos and don'ts of the hall that has to be followed by students residing at hall.

#### **Student Profile:**

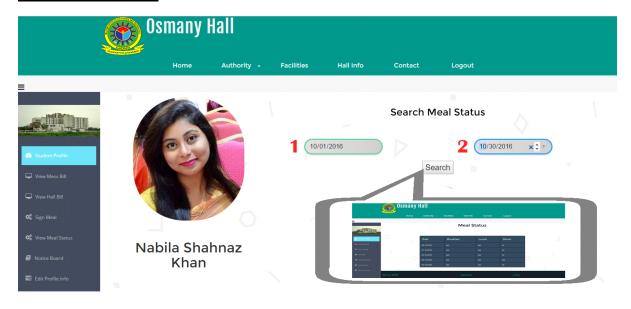

- 1. Takes user to student profile
- 2. Student can see her mess bill, she can click on a certain year & then see the complete mess bill (month by month) for that year.
- 3. Student can see her hall bill, she can click on a certain year & then see the complete mess bill (month by month) for that year.
- 4. By signing this page, student can sign meal (individually breakfast, lunch, dinner) for the upcoming days.
- 5. Student can see the list of days she signed meal on though this option.
- 6. Though this option student can see recent notices. This feature is for further implementation.
- 7. Student can edit some of her information such as contact number, address, password through this option.
- 8. This is the view of student profile page and showing the basic information.

# **Signing Meal:**

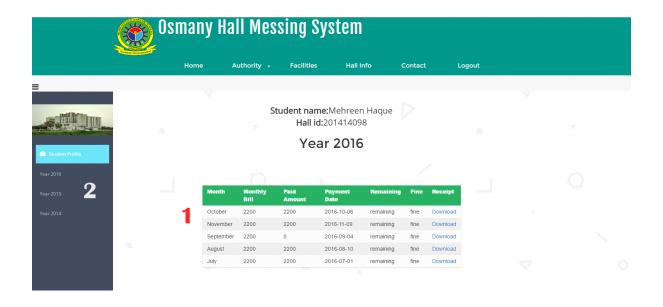

- 1. Student's basic information is visible.
- 2. Select the date he/she wants to sign meal on.
- 3. Student selects if he/she wants to sign meal for breakfast, lunch or dinner.
- 4. This button let the student on her/his meal.

# **View Meal Status:**

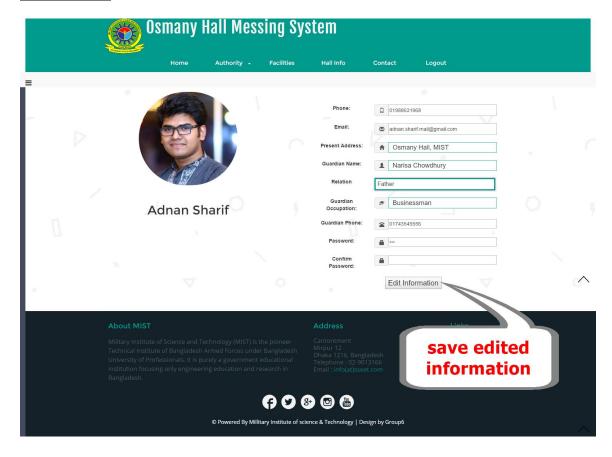

- 1. Input starting date of viewing meal
- 2. Input ending date
- 3. Clicking search appears the table

## **View Student Bill:**

- 1. View bill of a particular student yearly
- 2. Shows years after he has been allotted a seat.

# **Edit profile:**

This is the page for editing an existing student account. The page performs as bellows:

- 1. After login a student can view his basic information.
- 2. He/she can Edit the information like name, email, address, birthdate and contact info.

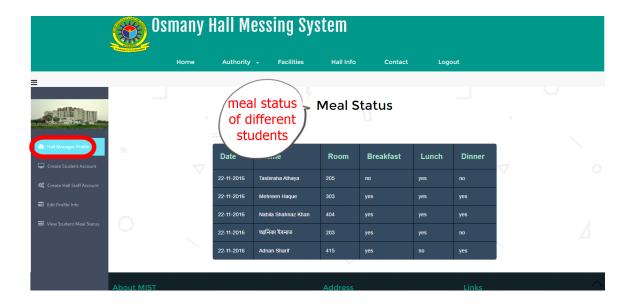

The edited and newly added information will remain saved.

## **Manager Profile:**

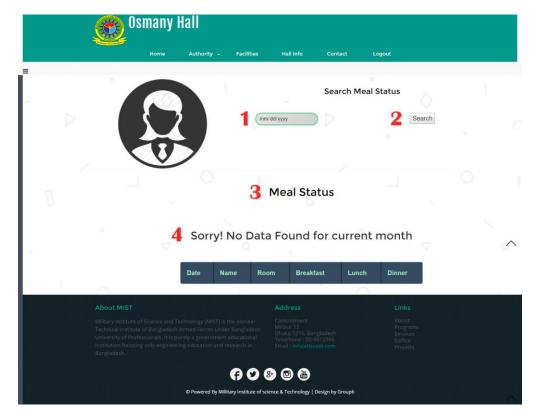

- 1. This page redirects the manager to his profile page.
- 2. Through this option, manager can create an account for a student who have been allocated seat recently.
- 3. Through this option, manager can create an account for a hall staff who has recently started working in the hall.
- 4. Manager can activate or deactivate a student's account using this option.
- 5. Manager can see the overall bill status of all the hall students through this option. This is for further implementation.

#### **Meal Status:**

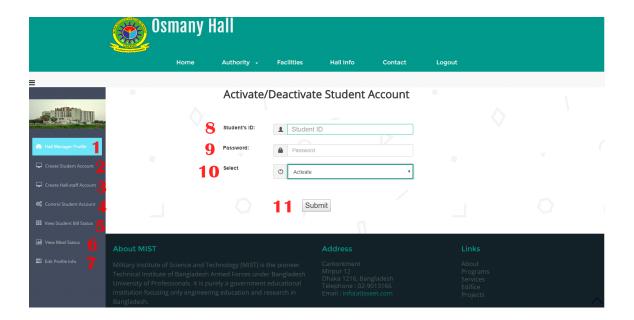

In this page, the table shows the list of students who have signed meal for the next day. Here, in this table, by selecting a date, students can see the list of students who have signed meal for that day.

- 1. Input date for viewing meal
- 2. Search option is clicked
- 3. The meal status icon is shown
- 4. But as no data is input, so a message is shown that no data found

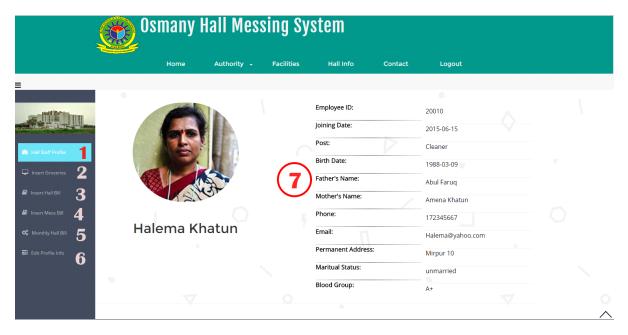

#### **Activate/Deactivate Student Account:**

By inserting student id(option 8) and password(option 9), and selecting if he wants to activate or deactivate a certain student account(option 10), manager can activate or deactivate a student's account.

If manager decides to activate an account which is already active, then an alert window will show that ' Account already active'. Same goes for the account deactivate option.

## **Hall Staff Profile:**

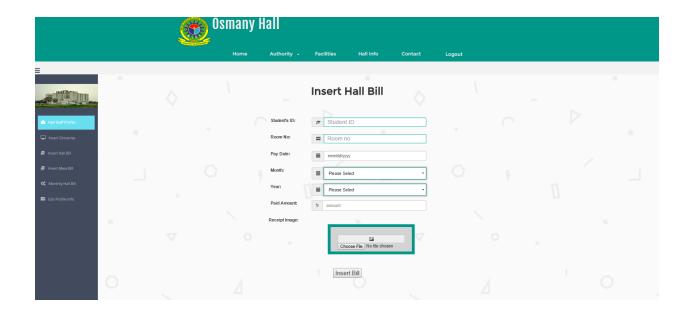

- Shows that hall staffs account is logged in
- Can insert groceries using this option
- Insert hall bill through this
- Insert mess bill using this
- Can view monthly mess bill
- Edit his or her profile as well
- Can input personal information
